

Please find below some Frequently Asked Questions about this site.

**Can i get a copy of your images?**

Yes please phone me up. My number is on [Stargate Computer's](#) website.

**Why have I done this site?**

My Family and friends (one also includes a graphic designer) said why dont you sell some of your images, so that is why this site is available.

As I run a computer company I already had the spare web-space, so I thought why not, not only do people enjoy viewing the images that I have taken (and I hope you like them as much as I have enjoyed taking them), I also enjoy designing websites as a hobby.
